

## Overview:

After installing this mod for Deus Ex: Human Revolution, you will be able to hold 5 of any one type of consumable item in one inventory slot. This meant to be close to how much your character can hold in the unaltered game while still adding some convenience.

## Installing the mod:

1. Click on the **Files** tab.
2. Click the button labeled **Manual Download**.
3. Select your download speed. If you do not have a Premium Nexus Mods account you will only be able to select the **Slow** option. This will cause your browser to start downloading the mod.
4. In your browsers designated download location (This varies between browsers, but can typically be found by pressing Ctrl and J.), select and copy the folder named **mods** and the file named **DFEngine.dll**.
5. In the folder where your game is installed (By default this is **C:\Program Files (x86)\Steam\steamapps\common\Deus Ex Human Revolution Director's Cut**) paste the previously copied files. When asked if you want to replace the original file named **DFEngine.dll**, click **Yes**.

**Note:** If the game does not run at this point, follow these steps

1. Find and cut your save files (By default they will be in **C:\Program Files (x86)\Steam\userdata\XXXX\238010\remote**, with XXXX replaced with your Steam ID).
2. Paste the cut save files in a folder other than the one they were originally in.
3. Run the game again, then quit it.
4. Cut and paste the save files back in the folder where they originally were.

## Uninstalling the mod:

1. In the folder where the game was installed, delete the folder named **mods** and the file named **DFEngine.dll**.
2. In your Steam library, right click Deus Ex: Human Revolution and click Properties
3. Click where it says, installed files.
4. Click the button labeled **Verify integrity of Game Files**.
5. Wait for the progress bar to fill.
